1. She would never say where she came from  
**Ami**       **G**    **F**       **C**    **G**    **C** **G**  
Yesterday don't matter if it's gone  
**Ami**       **D7**    **G**  
While the sun is bright  
     **Ami**   **D7**       **G**  
Or in the darkest night  
             **C**       **F** **C**                               **G**    **C** **G**  
No one knows       she comes and goes

R: Goodbye Ruby Tuesday  
             **G**                               **C**  
Who could hang a name on you?  
**C**               **G**                               **F**  
When you change with ev'ry new day  
**G**                               **C**                               **G**  
Still I'm gonna miss you

2. Don't question why she needs to be so free  
She'll tell you it's the only way to be  
She just can't be chained  
To a life where nothing's gained  
And nothing's lost at such a cost

R:

3. There's no time to loose I heard her say  
Cash your dream before they slip away  
Dying all the time  
Lose your dreams and you  
Will loose your mind, ain't life unkind
